

Q Lever handle DG 28.S216.AL.SS PZ 92

greenteQ lever handles for house front doors made of plastic.

Properties:

The greenteQ lever handle DG 28.S216.AL.SS PZ 92 is made of aluminium and has a plate width of 28 mm. The handle is prepared for a profile cylinder, with a spacing of 92 mm. The levers are mounted in such a way that they are stationary/rotatable. The retaining function of the levers is implemented by means of

separate spring accessories. The greenteQ lever handle DG 28.S216.ER.SS PZ 92 is preconfigured for an 8 mm square spindle. The outer plate has 10 mm supporting cams and is fixed in place by means of a concealed screw connection, for which a separate accessories set (3 x M6 screws, 1 x 8 mm square spindle) is required.
